PROFILE

Python programmer, Django specialist, AI Training and Evaluation Specialist.
Semi-skilled in APIs, JavaScript, MongoDB, MySQL, PostgreSQL, Bootstrap,
AWS CI/CD, and building secure, responsive web applications. Eager
to solve real-world challenges through innovative and scalable software
solutions in a collaborative team setting

EDUCATION

IT Varsity(FNB APP ACADEMY)

Skills-Based Course in App Development

- User experience (UX), APIs, and databases

Johannesburg, Gauteng, SA

3 May - 5 July 2025

ALX Africa

Software Engineering

- Foundations SWE
- Backend specialization

Johannesburg, Gauteng, SA

Feb 2021 - Nov 2023

Nov 2023 - April 2024

Udemy

- Certificate of Completion, Machine Learning A-Z with Python
- Certificate of Completion, The Complete JavaScript Course 2021

Jan 2020 - Dec 2020

Computer Training Centre

Ms Office(2003)

Bulawayo, Zimbabwe

Jun 2002 - Jan 2003

Mzilikazi High School

- O'level & A'level(NQL level 4) - Credits 130

Bulawayo, Zimbabwe

Jan 1998 - Nov 2004

Other Certificates and Licences

EF Standard English Test Certificate - Reading Section 97% - Listening section 80%
Code 10 (PrDP)

Jun 2022 - Jul 2022
2015

SKILLS SUMMARY

- **Programming Languages:** Python, JavaScript
- **Frameworks:** Django, Flask, Scikit-Learn(basic)
- **Database Management:** MySQL, SQLite, MongoDB
- **Version Control:** Git

- **DevOps & Cloud Computing:** EC2, CI/CD, Docker
 - **Other tools:** VS Code, Figma, Trello
-

WORK EXPERIENCE

AI Training and Evaluation Specialist | Outlier AI

September 2024 - present

Oakland, CA

- Created and tested prompts across tech, science, and engineering domains to improve AI response quality.
- Reviewed Python code outputs for accuracy, clarity, and alignment with prompt instructions.
- Identified issues in AI responses, including factual errors, verbosity, and lack of cultural or linguistic fit.
- Applied updated evaluation guidelines to assess tone, structure, and overall writing quality.
- Refined prompts and provided feedback to ensure AI outputs were clear, concise, and suitable for diverse global users

Python Programmer Intern | Oasis Infobyte

June 2024 - July 2024

Satya Niketan, New Delhi

- Built a Python-based Voice Assistant using Speech Recognition, pytsx3, and NLTK to handle voice commands and deliver spoken responses.
- Developed a browser-based chat app with real-time messaging using JavaScript, WebSockets, Socket.io
- Created a secure password generator in Python using the secrets and random modules to produce strong, unpredictable passwords

Sous Chef | Fudio Workshop17 Cafe

2017 - Sep 2020 · 3 yrs 9 mos

Sandton

- Led and supervised a team of kitchen staff, improving workflow and operational efficiency (leadership and teamwork).
- Managed food costs and inventory, optimizing resources to reduce waste and ensure profitability (problem-solving and resource management).
- Designed menus and trained staff, demonstrating strong organizational and communication skills (project management and communication).
- Enforced food safety and hygiene standards, ensuring compliance with regulations (attention to detail and adherence to best practices).

Hot foods supervisor | Food Lover's Market Holdings Hillfox

Aug 2015 - Aug 2017 · 2 yrs 1 mo

Johannesburg, Gauteng, South Africa

- Oversaw kitchen administration, stock management, and staff scheduling while managing end-of-day operations for the entire shop.
- Led menu development, introduced fresher ingredients, and revamped buffet presentation, enhancing food quality and customer satisfaction, boosting daily turnover from R15,000 to an average of R28,000 daily.

PROJECTS

Fast Social API | [website](#) | [Github link](#)

- Developed user authentication (JWT-based) and CRUD operations for posts
- Integrated PostgreSQL with SQLAlchemy and automated database migrations with Alembic.
- Implemented API testing using Pytest and Postman to ensure reliability.
- Deployed using Docker on DigitalOcean, with Nginx for reverse proxy and automated CI/CD pipelines

Peace Online | Github [link](#)

- Developed with Django for the backend and Tailwind CSS for a responsive, user-friendly frontend.
- Implemented CRUD functionalities to manage product listings, transactions, and user accounts.
- Integrated Django Authentication for secure user login and account management.

ALX Intranet Clone | Github [link](#)

- Built the front-end using jQuery, Bootstrap 5, CSS3, Font Awesome, and HTML5 for a clean and responsive design.
- Developed the back-end with Python 3 and Django 5, using SQLite3 for database management.
- Implemented custom algorithms to fetch user-specific data and tested the app for functionality, performance, and security.
- Deployed the app on AWS EC2 and used GitHub for version control. Figma was used for design mockups, and Trello helped manage project tasks.

SaveTube | Github [link](#)

- Used Flask for the backend, with these tools: PyTube, Instaloader, Shutil, and PyWebCopy to handle various media sources.
- Focused on clean architecture and user-friendly functionality for a smooth download experience.

CERTIFICATES

Software Engineering(ALX Africa) | [CERTIFICATE](#) | April 2024

- Completed a rigorous, full-time program focused on back-end and full-stack development through ALX Africa. Gained practical experience in C, Python, SQL, Django, Flask, Bash, and core computer science fundamentals like data structures and memory management.
- Built and deployed real-world projects using Git, Docker, Linux, and CI/CD practices. Worked in collaborative, Agile-style teams and participated in regular code reviews to sharpen problem-solving and development skills.

Machine Learning(Udemy) | [CERTIFICATE](#) | Dec 2020

- Completed Machine Learning A-Z course on Udemy, gaining basic knowledge of key ML concepts like regression, classification, and clustering.
- Built simple projects using Python and R to apply foundational machine learning algorithms.

EF SET ENGLISH CERTIFICATE | [CERTIFICATE](#) | Jul 2022

- Achieved C2 Proficient English level (89/100) on the EF SET, demonstrating strong reading and listening skills.

MS Office | [CERTIFICATE](#) | Jan 2003

- Completed MS Office, Level, covering all core modules, including Word, Excel, PowerPoint, and Outlook

SAQA(A'level) | [CERTIFICATE](#) | Dec 2004

- Achieved 130 credits at Advanced Level (A-Level) in Zimbabwe, recognized as NQF Level 4.

LEADERSHIP & INVOLVEMENT

Football Coach, Foodlovers Soccer Team: Coached a soccer team, providing training, guidance, and strategic direction to players. Developed coaching and leadership skills, fostering a positive team environment
